

Dear Potential Foster & Adoptive Parent (s);

Thank you very much for your recent inquiry regarding our Foster Care & Adoption Programs. Both, undoubtedly makes a difference in a child's life for years to come, and we truly appreciate your interest!

Please complete these attached documents, so we will have information about you and your family when we meet. The front page is a check list of all the documents you will need to return to us (please complete the check list and include it in your application as well) and the forms need to be filled out for all adults who reside in your home on a full or part time basis. If you need to make copies of any documents for additional members of your household, please feel free to do so. (Specifically, the fingerprint form for each member 18 and older for you and spouse)

#### Return the completed forms and copies needed to FosterScreening@KidsCentralInc.org.

You may also choose to mail them or drop them off at **901 Industrial Drive, Suite 200, Wildwood, FL 34785.** Please make sure that Foster Parent Screening is on any correspondence (email, envelope, etc.)

After the forms are prescreened, and they indicate you qualify to foster, you will be provided with further information about attending an orientation. We encourage you to visit the Foster Care Corner and Adoption portion of our website, <a href="https://www.kidscentralinc.org">www.kidscentralinc.org</a>, to learn more about our programs.

While you might feel a little overwhelmed after reviewing all the requirements to become a foster & adoptive parent, please rest assured that the benefits of providing a safe, stable home to a child in need of a family, will far outweigh the effort it takes to become licensed or ready to adopt. If you are uncertain about making a commitment to care for a child on a long term basis, we have other opportunities such as volunteering at our corporate office, professional guidance, mentoring, or foster parents who are willing to provide respite services (giving another foster parent a break) or offer to care for children on an emergency/short term basis. Whatever your skills, gifts, and talents, there is a way for you to positively impact a child/family in our communities.

As you take steps to learn more about what is involved in assuming the important role of a Foster or Adoptive Parent, Kids Central looks forward to the opportunity to work closely with you and your family through the process. We are excited you are considering embarking on this journey!

Sincerely,

Foster / Adoptive Parent Screener Kids Central, Inc. 901 Industrial Drive, Suite 200 Wildwood, FL 34785 FosterScreening@KidsCentralInc.org

352-873-6332 Office Number

#### **Becoming a Licensed Foster Parent**

Kids Central Inc. is the lead agency in Circuit 5, which includes Citrus, Hernando, Lake, Marion and Sumter Counties. We develop and manage the delivery of a comprehensive, community-based system of care for abused, neglected and abandoned children and their families. This includes contracting with service providers in each county for case management, adoption and other services needed to round out the full spectrum of care needed by the children and families in each county.

#### WHAT IS FOSTER CARE?

A licensed foster parent provides **temporary** care to children whose families are unable to care for them. **Foster parenting is a position of public trust and a privilege, not a right or entitlement**. Foster parents provide temporary care to children between the ages of 0-17 until they can return to their family, a non-relative, an adoptive home is found, or the child achieves independence. Children are either in shelter care status or foster care status, depending on their individual situation. In shelter care status, children could be placed for a few days or as long as 6 months. Children in foster care status can remain for up to one to two years or longer. Families are licensed through Kids Central, Inc., by the Department of Children and Families to provide homes for children in either shelter or foster care status. It typically takes approximately 1-2 months to become a licensed foster parent after completion of the Foster Parent Pre-service Training.

#### WHAT ARE THE REQUIREMENTS TO BECOME A FOSTER PARENT?

- > Foster Parents in Florida must be at least 21 years of age.
- Background screening is conducted on all adults in your home. This includes FBI (National), FDLE (State), local law enforcement checks, child abuse registry checks, civil checks through the Clerk of Court in the county of residence and checks through the Department of Motor Vehicles. If you have lived in the state of Florida for less than 5 years, abuse history checks (Adam Walsh checks) will also be completed in your previous state of residence. Please report to Kids Central any previous involvement with law enforcement at the time of orientation. We understand that life happens and that errors in judgment occur. We won't judge you, but we need to be aware of your history and its better if we hear it from you.
- > All children in the home must have a child abuse registry check and all children 12 years of age and older must also have a Department of Juvenile Justice Check.
- > All children who are 12 and older visiting on a regular basis must have abuse history registry and DJJ checks completed.
- ➤ Income you must have legal, stable and documented income that is sufficient to support themselves and their family without the assistance of the board rate. As a guideline, discretionary income in the amount of at least four to six weeks of the board rate (board rate details below) should be available. You may not be able to continue the process if you are receiving unemployment (temporary income) or food stamps.
- You must take the 27 hours Pre-service training. In the case of an unmarried couple who resides together as a family unit, both individuals must complete Pre-service training, the background screening process and be fully assessed through the home study process.
- > All applicants, married and single, must identify a "back-up". This is someone who can assist with the care of the foster children in your home in order to give you a break or in the event of an emergency.

- All back-ups must be cleared through the background screening process.
- > It is highly recommended, that a back-up who will be providing <u>primary care</u> (i.e. watching children in lieu of daycare) for foster children, must also complete the required 27 hours of pre-service training.
- A water safety class is required prior to licensure if your home has a pool (above ground or in-ground) or Jacuzzi if you live near a body of water or in an apartment complex that has either.
- > At least 2 home visits will be conducted with all family members present and all family members will be interviewed.
- > The following references will be completed: 2 personal references who have known you for at least 2 years (cannot be relatives), all adult children, 2 neighbor or 2 community references can be included, school and daycare references for all minor children living in your home. Other references will be completed as needed.
- ➤ Copies of your driver's license, auto insurance (including bodily injury), social security cards, child support verification, citizenship papers/visa if **not** born in the United States and documentation of current.
- Satisfactory Health Inspection completed by the Licensing Specialist.
- > Evacuation plan is needed denoting the location of smoke detectors, fire extinguishers (size 2A10BC), all exits and a centralized meeting place outside the home.
- > Transportation you must be able to assist with the transportation needs of the children (visits with biological parents, medical appointments, counseling, etc.). Cars must be operable with working seat belts and have proper child restraint seats for the age range of the children to be placed in the home.
- > Communication- you must have immediate access to a telephone, computer and printer.
- > If you have a licensed in-home daycare, your daycare license must be amended so that the number of daycare children, the number of children that reside in your home, and your capacity does not exceed 6.
- > Applicants will be required to fully disclose health history for themselves and each member of the household, to include current physical, mental, or emotional health status, any condition that is progressive and debilitating in its course, and any past and current treatment and services received for such condition
- > Review of and signature on various forms to confirm an understanding of and agreement with policies specific to Kids Central, Inc. and the Department of Children and Families.

#### WHAT DO I NEED TO DO TO PREPARE MY HOME FOR FOSTER CHILDREN?

- Must have a first aid kit available.
- > Home and yard must be free from clutter.
- > All walkways and exits inside the home must be clear.
- > Home must be free of exposed wires.
- > All medication, poisonous and hazardous materials/chemicals and cleaning supplies must be secured (locked) in a closet, container, or cabinet, which is inaccessible to children (locked area must not be laundry room or bathroom).
- > Combustible items must be stored away from any heat source, and they are required to be stored in a locked location.
- > Water quality will be tested for all homes with wells.
- > All doors with locks must open from the inside.
- > All swimming pools must have a barrier on all 4 sides that is at least 4 feet in height. This barrier can be a fence, screen enclosure, exterior walls of the home, child safety fence or the side of an above ground pool.

- > All access points to the pool must be locked when the pool is not in use.
- > Hot tubs must be secured with locked cover.
- Alcoholic beverages must be inaccessible to children. It is recommended to families who prefer older children that alcohol be stored in a locked location.
- > Weapons, such as guns or a bow and arrows, must be locked and inaccessible to children.
- ➤ A fire extinguisher (size 2A10BC) must be kept in or adjacent to the kitchen. If the home has a 2<sup>nd</sup> story, another fire extinguisher must be kept on the 2<sup>nd</sup> floor. All fire extinguishers must be inspected and tagged annually.
- > If the home has a 2<sup>nd</sup> story, another means of escape, such as a safety ladder, is needed.
- > Smoke detectors must be present in all sleeping areas (this does not mean in each bedroom).
- > Fire drills must be conducted at least every 6 months and every time a new child is placed in the home.
- > Heating sources, fireplaces and any other hot surface will need a protective barrier in place to prevent accidental contact.
- > Burglar bars on windows must be easily collapsible.
- > There must be a window or door in each bedroom, in addition to the exit/entry door.

#### WHAT ARE APPROPRIATE SLEEPING ARRANGEMENTS FOR FOSTER CHILDREN?

As a general rule, there should be no more than a **total of 8 children under age 17 in your home**. There can be no more than **6 Dependent (Foster)** youth in your home. There can be no more **than 2 children under 24 months (total)** in your home. This number includes biological children, adopted children, grandchildren if you are the primary caretaker for them, along with relative and non-relative placements and foster children. Exceptions by waiver can be made to increase your capacity temporarily. Infants under 12 months of age may share a bedroom with an adult. Children over 12 months may not sleep in a room with anyone 18 years of age or older. Children over 3 years of age (36 months) may not share a room with a child of the opposite sex (accept their siblings). Every child in the home must have a bed of their own. Children may not sleep on a couch, futon, trundle, rollaway bed or in a pack-n-play on a long-term basis. Children may not sleep in a crib with drop sides. **Cribs can not be placed near a window.** 

Each child must have adequate storage space to accommodate their belongings. All personal items acquired by the child while living in the foster home must be sent with the child when he/she leaves.

The licensing specialist will review your bedrooms when she/he visits your home and will work with you to determine the appropriate capacity for your family. Each room must have adequate space for the children to walk around in.

#### WHAT FINANCIAL ASSISTANCE IS AVAILABLE FOR FOSTER PARENTS?

Board Payment: Foster parents receive reimbursement for standard expenses related to the care of children. Expenses considered in calculating reimbursement include food, clothing, transportation, extra-curricular activities, utilities, telephone, linens, recreation, child's allowance and personal incidentals. The board rate is as follows:

#### **Monthly rate**

Ages 0-5 years	\$586.90
Ages 6-12	\$601.94
13 to 17 years	\$775.02

Clothing allowance: When a child **initially** comes into care, a foster parent can spend up to \$100 on a child and submit the receipts to Kids Central for reimbursement. This is only applicable for a child's FIRST placement in foster care.

An annual clothing allowance is issued during the summer with the expectation that this will help to offset the cost of preparing children for back to school.

#### WHAT HAPPENS AFTER I'M LICENSED?

- You will be assigned a Licensing Specialist who will be your "Re-Licensing Specialist".
- ➤ Each parent must complete 8 hours of training per year. Kids Central offers training on a variety of topics throughout the year.
- > If daycare is used for a foster child, the facility must be licensed by the Department of Children and Families.
- > Completion of HIPAA & Security Awareness, if not done before.
- > Select a pediatrician to use for foster children.

#### **DISCIPLINE**

Spanking or any other type of corporal/physical discipline is not allowed with foster children under any circumstances. Training in the use of alternative, appropriate methods of discipline will be provided by Kids Central Inc.

#### **ONGOING TRAININGS**

- 40 hours of additional training if you are interested in becoming a medical foster parent. Can only be completed after traditional license is received.
- 30 hours of additional training if you are interested in becoming a therapeutic foster parent. Can only be completed after traditional license is received.
- Social & Physical Aggression
- Psychotropic medication training Required before licensure and yearly thereafter.
- Human Trafficking 101-Required before licensure and yearly thereafter.
- Water Safety Training Required within first year of licensure if not taken prior to licensure and updated at least every 3 years (if no pool or body of water) (yearly thereafter if there is a pool, hot tub, or body of water).
- 8 Hours of training needed yearly for traditional level 2 re-licensure.
- First Aid Training optional, but highly encouraged.
- Car Seat Training- optional
- CPR Training- optional, but highly encouraged.

Training hours can also be obtained through providers in the community.

#### KIDS CENTRAL, INC. IN PARTNERSHIP WITH FOSTER PARENTS IN CIRCUIT 5

As a foster parent, your ability to work in partnership with all of the professionals involved in a child's life, such as the biological family, Family Care Managers, Guardian Ad Litems, therapists, school staff and your licensing specialists, will largely determine the degree of your success. We strongly encourage new foster parents to become actively involved in the Foster Parent Association in their county. This source of support, as you learn to navigate the child welfare system, is invaluable. We need foster parents who can be strong advocates for the children they are charged with caring for, but this must be done in a professional, solution-focused manner while always keeping the child's best interests as the top priority.

No person shall be discriminated against on the basis of race, color, religion, sex, age, national origin, disability, sexual orientation, or any other characteristic protected by federal, state or local law.

Fingerprint Criminal History Check Form

BY APPOINTMENT ONLY

Version 05/06/2021

### Pledge of Honesty

As an applicant for a License to provide Foster Care, you are required to submit truthful and complete information. Florida Administrative Code, Chapter 65C-45 defines Terms of a License as follows:

An applicant who makes a willful or intentional misstatement on an application for licensure shall have his or her license denied or revoked.

By signing this document, you are acknowledging that you have been informed of this expectation. Thorough, comprehensive and truthful background information is critical to the assessment process that must be completed in order to determine if fostering is a good fit for your family. Failure to disclose information or providing inaccurate information will result in termination of the licensing process.

#### **Health Screening Worksheet**

This questionnaire is another tool in assessing the strengths and needs of your family. Having an illness or any medical problem will not necessarily preclude you from fostering or adopting.

Pursuant to 65C-16.005(i), applicants will be required to fully disclose health history, current health status, including any condition that is progressive and debilitating in its course, and any past and current treatment and services received for such condition, regarding themselves and each member of the household. The physical, mental and emotional health of the prospective adoptive household members must not jeopardize the safety and permanency of the child's placement and will be considered in determining the best interest of the child.

Please complete a health screening worksheet for each family member in the home.

#### **FAMILY FINANCIAL STATEMENT**

Substitute care parents must have sufficient income to ensure their stability and the security of their own family without relying on the board payments.
